

MICHIGAN ONCOLOGY QUALITY CONSORTIUM (MOQC)

POQC Confidentiality Agreement

The Michigan Oncology Quality Consortium (MOQC) is dedicated to improving cancer care quality across Michigan through statewide projects. While much of the information shared at MOQC's Meetings is public and intended to improve healthcare, certain sensitive details must remain confidential.

Confidential Information Includes:

- Measure performance related to individual MOQC practices or sites.
- All oncology data discussed and presented, including outcome reports.
- All patient information and identifiers protected by HIPAA laws.

Maintaining confidentiality is essential for building trust and preserving integrity. Therefore, taking pictures, videos, or sharing this information with industry representatives or using it for marketing is strictly prohibited.

Commitment:

By signing this agreement, I pledge to protect the confidentiality of information discussed during MOQC meetings. A breach of this agreement may result in being unable to participate in POQC activities.
